

HELLENIC PETROLEUM

Prot. No.: 7065

Date: 13 January 2004

CERTIFICATE

It is hereby certified that the company ET.M.ER S.A. has executed the project "P-8805 Tank roof plates replacement and overall maintenance".

The project included:

- Complete replacement of tank roof plates of a diameter of 48.8 mm.
- Segmental replacement of lattice roof beams.
- Construction of work floor with 11 meters high scaffolding.
- Sandblasting – painting of the bottom, roof lattice, and roof, internal and external.
- Various tank maintenance works.

The project was promptly delivered and the final cost amounted to 260,881.83 Euro.

This is a work experience attestation and is provided for every legal use.
