Protocol nr. 431/BEE

CERTIFICATION

We hereby certify that the company **ET.M.ER. S.A.**, undertook and executed as a Contractor, on behalf of **HELLENIC PETROLEUM S.A.** in the Elefsina Industrial Complex, the following project :

" OPEN / CLOSE / INSPECTION OF PROPANE & BUTANE SPHERES TK-113, 67 & 68 "

Assignment date : 08/01/2010
Contract Nr. : 4403010469
Project budget : 393.000 €
Duration : 6 months
Final cost : 218.005,46 €
Description of works : The project included the following works :

1. Spheres TK-67/68 & 113

- Construction of internal and external scaffolds.
- Mechanical isolation.
- Sandblasting and painting of all internal seams and part of external ones.
- Local weld repair, including all related quality controls.
- Hydraulic testing and final restoration.

All the above works were performed on 2.000 m³ and 3.000 m³ spheres.

2. Piping work

- Product networks isolation.
- Replacement of product networks parts having diameter from ½" to 6".
- Hydraulic test.
- Sand blasting & painting.

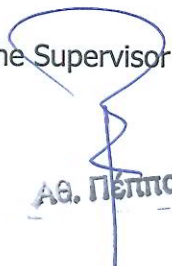

All works were executed on sphere's SHUT DOWN maintenance works. The piping materials were supplied by HELPE .

The execution of the project was utterly satisfying and promptly delivered.

This certificate was granted to the a.m. company after its request and for any lawful use.
